OFFICE OF THE PRIVATE SECRETARY TO HIS EXCELLENCY THE GOVERNOR OF MADRAS

Award of the Indian Police Medal.

Madras Governor's Camp, October 31, 1941.

No. 16.

The following notification from the *Gazette of India*, dated New Delhi, Saturday, October 25, 1941, is republished for general information —

OFFICE OF THE PRIVATE SECRETARY TO
HIS EXCELLENCY THE VICEROY

New Delhi, the 22nd October 1941.

No. 134.—His Excellency the Viceroy has been pleased to award the Indian Police Medal to the following officer:—

Name of officer and rank	Statement of services for which the decoration has been awarded.
MADRAS.	
Gandappa Mallikarjuna Rao, Temporary Constable, East Godavari district.	An outbreak of fire occurred on 20th March 1941 in a cluster of thatched huts close to the Central Recruits' School, Anantapur. The recruits in the school immediately rushed to the spot, but by the time they arrived the fire had spread considerably, making rescue of the inmates of the huts extremely difficult. In one of the burning huts in the middle of the cluster a feeble old woman was crying aloud for help. Though the fire was raging furiously at the time, Constable No. 87, G. Mallikarjuna Rao, regardless of his personal safety, dashed through the burning huts and rescued her. He was overcome by the heat and smoke and was so exhausted after the rescue that he collapsed and had to be given first aid to bring him round.

This award is made for gallantry under Regulation (4) (i) of the Regulations governing the grant of the Indian Police Medal and consequently carries with it the special allowance admissible to officers of and below the rank of Inspector of Police.

W. T. BRYANT,
Private Secretary to His Excellency the Governor.

Armistice day on 11th November 1941.

PRESS COMMUNIQUÉ No. 62.

Fort St. George, November 1, 1941.

No. 392.

His Majesty the King Emperor has expressed the wish that remembrance of the glorious dead should once again be commemorated on the anniversary of the Armistice by a complete cessation of all normal business throughout the British Empire during a two minutes' silence commencing at 11 a.m. on Tuesday, the 11th November 1941. Rail and water transport will not be suspended. In order that the ceremony may be synchronized throughout the British India, the Governor-General has suggested that 11 a.m. should be adopted everywhere for the commencement of the silence. There will be a complete suspension of work in all public offices in the Presidency during the two minutes and it is hoped that all local authorities and heads of firms and businesses will as far as possible make similar arrangements.

2. A signal will be given by a gun from Fort St. George, Madras, at 11 a.m. on the 11th November 1941. This gun will take the place of the 4 o'clock gun for that day. A second gun will be fired from the Fort ramparts at 11·02 a.m. To enable the public to synchronize their time a gun will be fired in the morning at 9 o'clock. Ecclesiastical authorities will be asked to arrange that church bells should be rung for five minutes ceasing exactly at 11 a.m. unless the ringing of the bells will disturb a service. The manager of the Madras Electric Tramways will be asked to arrange for the stopping of trams and the police will stop other traffic in the streets. It is hoped that in all offices, shops and other places of business a complete suspension of work will be observed.

It is hoped that for any ceremony in connexion with the Armistice Day all ex-service officers and men and members of the Nursing Service and other women will mark the occasion by wearing with civilian dress, medals and decorations which have been awarded to them. Holders of War medals and decorations awarded to relatives of deceased soldiers, etc., have permission to wear them on the right breast.

Draft amendment to rules issued under the Co-operative Societies Act regarding disposal of surplus funds of liquidated societies.

Fort St. George, October 25, 1941
(G.O. Ms. No. 1956, Development).

No. 770.

The following draft of an amendment to the rules published with Development Department Notification No. 261, dated the 1st August 1933, at pages 1178 to 1185 of Part I of the *Fort St. George Gazette*, dated the 1st August 1933, as subsequently amended, which it is proposed to make in exercise of the powers conferred by section 65 of the Madras Co-operative Societies Act, 1932 (Madras Act VI of 1932), is hereby published, as required by sub-section (3) of the said section for the information of all persons likely to be affected thereby.

Notice is hereby given that the draft will be taken into consideration on or after the 4th December 1941 and that any objection or suggestion which may be received with respect thereto from any person before the date aforesaid will be considered by the Government of Madras.

DRAFT AMENDMENT.

For sub-clause (i) of clause (a) of sub-rule (3) of rule XIV of the said rules, the following sub-clause shall be substituted, namely:—

"(i) The surplus funds shall be applied to such object of public utility as may be selected by the general body of the dissolved society at a meeting and approved by the Registrar. It shall be competent for the liquidator to constitute a trust to carry out such object and to require the general body to select a trustee or trustees from among the ex-members and/or others. If the general body does not select a trustee or trustees or if the selection of a trustee or trustees by the general body is not acceptable to the liquidator, the liquidator may himself appoint a trustee or trustees as the case may be. The trustee or trustees, as the case may be, shall execute a deed in such form as the Registrar may from time to time prescribe. A trust created under this sub-clause shall be governed by the provisions of the Indian Trusts Act, 1882."

EXPLANATORY NOTE.

Since 1927, the practice has been to constitute a kind of trust for the utilization of the surplus funds of a liquidated society on objects of public utility selected by its general body and approved by the Registrar and to appoint trustees to carry out the terms of the trust. After the final closing of a society, the creation of a trust is a convenient machinery for dealing with any surplus funds left. It is now proposed to embody this practice in the rules issued under the Co-operative Societies Act. Under existing sub-clause (i) of clause (a) of sub-rule (3) of rule XIV, the surplus funds are required to be utilized within the area in which the dissolved society carried on its operations and the funds, until they are so utilized, are to be kept invested in a financing bank. According to the draft amendment published it is wholly possible for the ex-members to decide on the utilization of the surplus funds either within the jurisdiction of the dissolved society or outside it and the investment of the funds will be regulated by section 20 of the Indian Trusts Act, 1882.

Fort St. George, October 20, 1941
(*G.O. Ms. No.* 2872, *L.A.*).

No. 1075.

Whereas in Notification No. 244, published at page 66 of Part I-A of the *Fort St. George Gazette*, dated the 7th April 1896, the Abiramam village with its eight hamlets was declared under the Madras Local Boards Act, 1884 (Madras Act V of 1884), to be a union for the purposes of the said Act;

And whereas by virtue of the declaration of the Government in G.O. No. 130, L. & M., dated the 28th January 1921, issued under sub-rule (1) of rule 4 of Schedule X to the Madras Local Boards Act, 1920 (Madras Act XIV of 1920), the said Abiramam union was deemed to be a union under the said Act;

And whereas by virtue of sub-rule (1) of rule 3 of the Schedule to the Madras Local Boards (Amendment) Act, 1930 (Madras Act XI of 1930), the said Abiramam union was deemed to be a village under the Madras Local Boards Act, 1920, as amended by the said Act;

Rules relating to the payment of claims for arrears of pay, etc., of officers and servants of municipal councils and local boards.

Fort St. George, October 10, 1941
(*G.O No.* 2834, *L.A.*).

No. 1076.

In exercise of the powers conferred by section 74 and sub-section (1) and clause (c) of sub-section (2) of section 303 of the Madras District Municipalities Act, 1920 (Madras Act V of 1920), His Excellency the Governor of Madras is hereby pleased to make the following rules relating to the payment of claims for arrears of pay, allowances and increments of pay of officers and servants of municipal councils.—

Rules relating to the payment of claims for arrears of pay, allowances and increments of pay of officers and servants of municipal councils.

1. Any claim of an officer or servant of a municipal council for arrears of pay, allowances or increments of pay which has been allowed to remain in abeyance shall, before payment, be investigated by the executive authority of the municipal council—

(i) with the sanction of the municipal council in the case of claims relating to a period exceeding six months but not exceeding one year; and

(ii) with the sanction of the municipal council and of the Inspector of Municipal Councils and Local Boards in the case of claims relating to a period exceeding one year.

2. The payment of an arrear claim ordered under rule 1 shall not exceed the amount found to be actually due under the claim in respect of a period of one year immediately preceding the date of detection of the under-payment. If, in any particular case, it is considered that for special reasons a larger concession should be granted, the executive authority shall consult the Examiner of Local Fund Accounts in the first instance and then obtain, if the Examiner of Local Fund Accounts so advises, the sanction of the Inspector of Municipal Councils and Local Boards for payments of arrears for a period exceeding one year.

NOTE.—For the purpose of this rule, the date of detection of an under-payment will be the date on which the under-payment is detected by or brought to the notice of the executive authority of the municipal council or Audit Department. An arrear claim resulting from an order issued with retrospective effect does not arise until the order is issued and shall not, therefore, be treated as a claim allowed to remain in abeyance during the period prior to the date of the order. An order passed with retrospective effect shall, for the purposes of this note, be deemed to be one which in the circumstances of the case could not have been passed earlier or which was deliberately held over pending consideration.

No. 1077.

In exercise of the powers conferred by sub-section (1) of section 71 and sub-section (1) and clause (c) of sub-section (2) of section 199 of the Madras Local Boards Act, 1920 (Madras Act XIV of 1920), His Excellency the Governor of Madras is hereby pleased to make the following rules relating to the payment of claims for arrears of pay allowances and increments of pay of officers and servants of local boards —

Rules relating to the payment of claims for arrears of pay, allowances and increments of pay of officers and servants of local boards

1. Any claim of an officer or servant of a local board for arrears of pay, allowances or increments of pay which has been allowed to remain in abeyance shall, before payment, be investigated by the president of the local board—

(i) with the sanction of the local board in the case of claims relating to a period exceeding six months but not exceeding one year, and

(ii) with the sanction of the local board and of the Inspector of Municipal Councils and Local Boards in the case of claims relating to a period exceeding one year.

2. The payment of an arrear claim ordered under rule 1 shall not exceed the amount found to be actually due under the claim in respect of a period of one year immediately preceding the date of detection of the under-payment. If, in any particular case, it is considered that for special reasons a larger concession should be granted, the president of the local board shall consult the Examiner of Local Fund Accounts in the first instance and then obtain, if the Examiner of Local Fund Accounts so advises, the sanction of the Inspector of Municipal Councils and Local Boards for payments of arrears for a period exceeding one year.

NOTE.—For the purpose of this rule, the date of detection of an under payment will be the date on which the under-payment is detected by or brought to the notice of the executive authority of the local board or, if it is first detected in audit, the date of detection by the Audit Department. An arrear claim resulting from an order issued with retrospective effect does not arise until the order is issued and shall not, therefore, be treated as a claim allowed to remain in abeyance during the period prior to the date of the order. An order passed with retrospective effect shall, for the purposes of this note, be deemed to be one which in the circumstances of the case could not have been passed earlier or which was deliberately held over pending consideration.

Madras Commerce Report for the Month of September 1941.

In the Madras commodity markets, there was a further slight advance in the general level of prices during September, the index number of prices for the Madras Province rising by one point to 124, the index for the food grains group advancing by two points to 134, and the index for the commercial products group remaining steady at 113. Owing to fair purchases by local mills, the tone of the cotton market was firm. The groundnut market opened moderately active, but closed weak following a reduction in the prices offered by the British Ministry of Food. The tanned hides market was firm and prices strengthened in the last fortnight of the month. The skins market was featureless and prices underwent little change. Demand was normal in the paddy and rice markets and prices showed little variation. The Calicut market for soaked coir yarns improved and closed strong. The Cochin coir yarn market was quiet. The pepper market declined and closed weak owing to lack of demand. The Calicut ginger market improved as a result of fair demand but eased off towards the close of the month. The copra and coconut oil markets declined during the second fortnight of the month. The Madras sugar market was quiet during the greater part of the month and closed dull and lifeless. The demand for locally manufactured sards and chunnals was normal.

Groundnut.

Steady conditions prevailed in the groundnut market during the greater part of September but prices declined at the close of the month in response to the lowering of the buying limits of the British Ministry of Food. The average wholesale prices per candy of 531 lb. of standard varieties at the main producing centres were as follows:—

20th August 1941—Rs. 27 to Rs. 30-8-0.
30th September 1941—Rs. 24-8-0 to Rs. 30.

Paddy and Rice.

There was no change in the market conditions and with export demand somewhat slack at one period of the month, prices showed little fluctuation. The average wholesale prices of standard varieties at the main producing centres were as follows:—

Indian paddy, per bag of 176 lb.

20th August 1941—Rs. 7 to Rs. 7-8-0.
30th September 1941—Rs. 6-13-0 to Rs. 7-7-0.

Indian rice, per bag of 176 lb.

20th August 1941—Rs. 10 to Rs. 11-3-0.
30th September 1941—Rs. 10 to Rs. 11.

Burmese rice, new, broken A-1, per bag of 220 lb.

31st August 1941—No stock, Madras.
30th September 1941—Rs. 13-8-0, Madras.

Calcutta rice (Nagpuri), boiled per bag of 164 lb.

31st August 1941—Rs. 11-8-0, Madras.
30th September 1941—Rs. 11-8-0, Madras.

Coconut Products.

As a result of fair Indian and European demand, the market for Quilandy and Baypore soaked coir yarns improved during September and closed strong. Fair European demand kept the market for Calicut fine unsoaked yarn steady throughout the month, but the market for Kallai and Parpangady unsoaked yarns remained unchanged with little business passing. The Cochin coir yarn market was quiet with a firmer undertone due to poor arrivals. The market for copra and coconut oil was well stocked and with arrivals continuing on a good scale, the tone of the market was easy, and prices declined slightly.

Cotton.

Tinnevelly.—The season was practically over and very little cotton remained unsold at the end of the month. Fresh arrivals from the interim were trifling. Only a very moderate business was done with South Indian mills the only buyers. Prices did not fall in consonance with big drop in futures, as there was no selling pressure, and fair average quality Tinnevelly declined only from about Rs. 276 at the beginning to about Rs. 264 per 784 lb. at the end of September.

Cambodia.—The season for this cotton was also about over and apart from Manjapatam Cambodia of Ramnad, etc., there were hardly any fresh arrivals during the month. South Indian mills were the only buyers. Fair average quality dropped from about Rs. 300 at the beginning to about Rs. 310 at the end of September.

Sugar.

The Madras sugar market opened quiet as there was an increase in duty as anticipated by the dealers and demand commenced to sell. Demand was poor. It was reported that the Indian Sugar Syndicate allowed an the 4th an extension of time for clearing the unsold portion of previous quota allotted to the member factories which saved the premium of the mills in sales and the market improved by two to four annas per bag on receipt of the advice. The forward positions were better again due to rumours of an increase in duty and the possibility of exports to Iran. The market did not improve on this account as demand continued dull. On the 16th September, the Syndicate announced an increase in basis prices by one anna per maund from the 22nd September and a further one anna from the 15th proximo. The announcement did not contribute to any increase in the market prices as immediately this announcement was made there were several rumours in the Cawnpore market the chief of them being that part rebates would be granted by the Indian Sugar Syndicate. On the 17th September, the Indian Sugar Syndicate released a 20 per cent quota. Due to the release again of a large quota, further sales were not possible and the market weakened, as stock holders who contracted heavily previously were sellers in the market at below Syndicate prices. The market closed dull and lifeless. The price of Nellikuppam sugar in the Madras market was Rs. 28-12-0 per bag of 2 cwts. in September as compared with Rs. 28-12-0 in August. The West Coast markets continued dull and weak owing to heavy arrivals of North Indian sugar, but there was not much change in prices. The other South Indian markets were more or less steady with fair demand on account of Dasara.

Tanned Hides.

The market was firm throughout September and during the latter part of the month prices advanced, as a result of good enquiries from London and also of a demand

from Northern India whose buyers were prepared to operate at above control prices. Supplies of raw hides were reported to be below normal and prices remained very firm as a result. Buffs, raw and buff calf continued in good demand but the fixing of maximum prices, which took place in August, had a steadying effect on prices.

Note.—A detailed list showing the actual quantities in each class lot will be offered for sale will be given to each bidder before the commencement of the sale.

2. The wood has been classified according to the classes noted above. Intending purchasers are advised to inspect in advance the lots put up for sale, but they must accept the classification made in the depot as final.

3. The various classes have been stored in the sandalwood godown in lots of 10, 15 and 20 tons for convenience, but the lots so exposed will not constitute an actual lot for which bids will be accepted. Each class of wood will be offered for sale separately in lots of 5 or 10 tons or less if convenient, such

lots merely consisting of a certain quantity of the class of wood then being sold. Bids will be per ton of each class of wood.

The bids shall be advanced in multiples of Re. 1 per ton and not less.

4. The sale will be subject to confirmation by the Conservator of Forests, Salem Circle, who does not bind himself to accept the highest or any bid.

5. Before being allowed to bid, each intending bidder must pay an earnest money deposit of Rs. 1,000. If paid in cash immediately before the sale, this should preferably be in the form of Madras notes for Rs. 1,000 or Rs. 500. A receipted Government treasury chalan for the amount will also be accepted. In the case of intending bidders who have previously bought sandalwood from the Forest department a cheque on the Imperial Bank of India for the amount will be accepted, but the discretion to accept such cheques rests entirely with the officer conducting the sale. This amount (the earnest money deposit) will be retained as security for the due fulfilment of the conditions 9 and 10 infra.

6. If two or more persons in partnership attend the sale with the intention of purchasing wood jointly, only one member of the partnership will be recognized for purpose of bidding and the deposit will be accepted in his name.

7. The earnest money deposit of unsuccessful bidders will be returned immediately after the sale is over, and that of successful bidders will be credited towards the third instalment of the purchase price.

8. Each purchaser shall, immediately a lot is knocked down to him, sign his name at the foot of the sale list, in the column provided for the purpose, and such signature will be held as an admission on his part of his having purchased that particular lot and of having accepted the conditions of the sale notice.

9. Immediately the sale is over, each purchaser, if his offer for any particular lot has been accepted by the Conservator of Forests, will be furnished with a memorandum showing the total amount due from him. He shall remit 25 per cent of this amount into any of the Government treasuries in the district of North Arcot or the Imperial Bank of India at Vellore or the Reserve Bank of India at Madras, within fourteen days of the confirmation of the sale and another 25 per cent before the 16th January 1942, the balance of 50 per cent less the earnest money deposit referred to in condition 5 supra being paid on or before the 20th February 1942 or against delivery, whichever is earlier. Should any purchaser fail to make the necessary remittances by the due dates the money already remitted will lapse to Government and the District Forest Officer will be at liberty to resell the wood in question at the risk of the purchaser who shall be liable for any loss, but shall not participate in any profit which may arise by the resale. The District Forest Officer will also be at liberty to charge interest at 6½ per cent per annum on overdue instalments. In calculating interest any overdue period of and below 15 days shall be treated as half a month and any period in excess of 15 days but below one month as a month.

10. After 50 per cent of the entire sale value has been paid to the credit of the Forest department, delivery of the sandalwood shall be made to the purchaser provided that until full payment has been made a quantity of wood equivalent to 25 per cent of the full sale value shall remain unremoved, but paid for.

The delivery will be by full lots at a time and no lot will be delivered by portions.

11. On the purchaser's presenting chalans as proof that 50 per cent of the entire sale value has been paid, a proportion of the wood purchased will be weighed in his or his agent's presence and the quantity handed over to him as provided for in condition 10 supra. If, however, proof is produced that the entire sale value has been paid, the whole sandalwood purchased will be weighed and handed over. The purchaser must take delivery of and remove the whole of the wood sold to him on or before the 4th March 1942.

Should any excess over the quantity paid for be found in the quantity purchased when weighing at the time of delivery, the excess will be paid for by the purchaser at the rate at which it was originally purchased before effecting removal. If any one purchaser has purchased more than one lot or class and if there is any excess in one lot or class and deficit in the other, since weighing at the time of delivery on a particular day, the value of the deficit entered calculated on the rate at which the more lot or class was sold will be adjusted towards the value of the excess quantity noticed in the other lot or class as the case may be, and the balance, if any, still due from the purchaser will be collected before permission him to remove the quantity delivered during the day. If, however, the net quantity delivered results in a deficit on account of drying over the recorded quantity at the time of sale, the value of the deficit quantity at the purchased rate will be refunded in due course.

12. The accepted bidders, when deputing their agents to take delivery, must furnish such agent with a power-of-attorney duly stamped and bearing the signature of the person so deputed. A copy of the power-of-attorney must also be sent to the District Forest Officer by post, with four specimen signatures of the agent. Failing this, delivery may be refused pending verification in which case the delay will count against the accepted bidder.

13. No further cleaning or chandrasting of sandalwood will be undertaken by the Forest department nor will purchasers be allowed to clean any wood previous to weighment. The classification, cleaning and weighment as determined by the Forest department, must be accepted.

14. After the wood has once been weighed and handed over, if the purchaser fails to remove all the wood within the period allowed in clause 13, demurrage will be charged at the rate of Re. 1 per ton per diem from the last date fixed for delivery until the wood is finally removed.

15. No sandalwood shall be removed from the depot till a licence to remove it signed by the officer of the Forest department, who delivered the wood, shall have been obtained and till every piece of sandalwood that can be stamped bears the department's 'sale hammer' mark.

16. The officer conducting the sale shall be at liberty to stop the sale at any time without giving any reason to the intending purchasers.

17. The wood purchased by each purchaser shall be in the depot at the purchaser's risk from the date of sale until it is removed.

18. The purchaser shall bear the cost of taking delivery of sandalwood. The depot contractor will supply the required labour for taking delivery of the wood. No persons other than those supplied by the contractor will be allowed to enter in the depot premises.

19. Each intending bidder unless specially exempted by the Conservator of Forests, Salem Circle, Salem, on an application made in writing at least fifteen days before the date of sale, must produce a solvency certificate specifying the maximum up to which he is solvent signed by a responsible Revenue Officer of the district in which he resides, and the District Forest Officer holding the sale may refuse to allow any bidder not so exempted to bid beyond the amount guaranteed in such certificate. In lieu of the solvency certificate the bidders may deposit cash with the officer conducting the sale and they will be permitted to bid up to the value of cash deposited.

20. The purchaser should give at least seven days' notice of his intention to take delivery, to the District Forest Officer, Vellore West, Tiruppattur, supported by bank remittance in token of payment. No delivery will be made on holidays.

21. Any supplementary conditions that may be found necessary will be added and read out at the time of auction.

22. The full quantity of wood advertised for sale will not necessarily be put up to auction.

23. Further particulars can be had on application to the District Forest Officer, Vellore West Division, Tiruppattur, North Arcot.

COIMBATORE.

Index Statement.

The cost of living index number for low-paid employees at Coimbatore for the month of September 1941 works out to 116, which is the same as the index for the previous month.

As compared with the previous month, the index for the food group fell by two points to 113, owing to a fall in the prices of dhall, potatoes, onions, brinjals, green leaf, cocoanut, turmeric, coriander seeds, mustard, garlic, gingelly oil and castor oil. The index for the fuel and lighting group fell by four points to 152 owing to a fall in the prices of firewood and kerosene oil. A rise in the prices of all articles in the clothing group accounted for a rise in the index for the group by fourteen points to 148.

The group indices in respect of housing and miscellaneous remained stationary at 100 and 101 respectively.

പരസ്യം.

1934 ലെ ഇന്ത്യാ ഗവൺമെന്റ് ആക്ട്, 53-ാം വകുപ്രകാരം പുറപ്പെടുവിച്ച വിളംബരമനുസരിച്ച് ബഹുമാനപ്പെട്ട ഗവർണ്ണർ അവർകൾ കൈക്കൊണ്ട സംസ്ഥാന നിയമനിർമ്മാണസഭയുടെ അധികാരം പ്രകാരം, 1941 ലെ തോട്ട സർവ്വേ കടവു (ഭേദഗതി) ആക്ട് എന്ന നിയമമുണ്ടാക്കുവാൻ ഉദ്ദേശിക്കുന്നതു ഗ്രഹിപ്പിച്ചു കൊണ്ടുള്ള താഴെ പറയുന്ന ഉദ്ദേശത്തിന്റെ സ്റ്റേറ്റ്മെന്റ് എല്ലാവരുടെയും അറിവിനായി പ്രസിദ്ധപ്പെടുത്തിയിരിക്കുന്നു :—

സ്റ്റേറ്റ്മെന്റ്.

1890 ലെ തോട്ട സർവ്വേ കടവു ആക്ട് (1890 ലെ 2-ാം ലഘു നാശി ആക്ട്), സർവ്വേ കടവുകളിൽ കൂടി കടത്തിക്കൊണ്ടുപോകുന്ന യാത്രക്കാരുടെ രക്ഷ മുദ്രാകരണത്തിനുവേണ്ടി ചട്ടങ്ങളുണ്ടാക്കുവാൻ ഗവർണ്മെന്റിനു മറ്റു കാര്യങ്ങളുടെ കൂട്ടത്തിൽ അധികാരം നല്കുന്നു. സർവ്വേ കടവുകളുടെ കാര്യത്തിൽ ഇത്തരം അധികാരം നടത്തുവാൻ പാടില്ല. ഈ അധികാരം ഗവർണ്മെന്റിനു നല്കിക്കൊണ്ടു മേപ്പടി ആക്ടിനെ ഭേദഗതിചെയ്യുന്ന ഒരു ബിൽ പ്രസിദ്ധപ്പെടുത്തുകയും ആക്ഷേപങ്ങളും അഭിപ്രായങ്ങളും അയച്ചുകൊടുപ്പാൻ

ആവശ്യപ്പെടുകയും ചെയ്തിട്ടുണ്ട്. ആ ബില്ലിനെ സംബന്ധിച്ച് ആർക്കുംതന്നെ അഭിപ്രായമോ മാറ്റൊന്നും കിട്ടുകയുണ്ടായില്ല. അതിനാൽ നമ്മൾ 1941 ലെ തോട്ട നമ്പർ കടവു (മോറാനി) ആക്ട് എന്ന നിയമമുണ്ടാക്കിയിരിക്കുന്നു. അതിലെ 3-ാം വകുപ്പുപ്രകാരം പ്രധാന ആക്ടിൽ ചേർന്ന 7-ാ എന്ന പുതുവകുപ്പ്, ഒരു സർക്കാർ കടവല്ലാതെ ഒരു കടവിൽക്കൂടി കടത്തിക്കൊണ്ടുപോകുന്ന യാത്രക്കാരുടെ രക്ഷ കുറ്റാക്കുന്നതിനുവേണ്ടി, ആവക ഏതൊരു കടവും ശവർണ്ണർ ഉണ്ടാക്കുന്ന ചട്ടങ്ങൾക്ക വിധേയമായിരിക്കണമെന്നും പണം കൊടുത്തുവാങ്ങുന്ന അധികാരം ശവർണ്ണരിനു നല്കുന്നു. 2, 4, 5 എന്നീ വകുപ്പുകൾ പ്രധാന ആക്ടിൽ യഥാക്രമം ഭേദഗതികളായി ആവശ്യമായി മാറ്റങ്ങൾ വരുത്തുന്നു.

STATEMENT OF OBJECTS AND REASONS.

The main objects of this Bill are threefold:—

(a) to make such changes in respect of the liability to tax of income arising in Indian States to residents in British India as will secure a satisfactory and equitable basis for reciprocal double income-tax relief arrangements with the States [clauses 8 (b), 10 (i) and 30];

(b) to grant certain concessions to the tax-payer, e.g., clauses 6 and 7 which deal with depreciation, and clause 13 which deals with the carry forward of losses;

(c) to clarify the meaning of certain sections of the Act, *e.g.*, clauses 9, 21, 26, 28 and 27.

Opportunity is taken at the same time to provide for the restoration of the Commissioner's powers of revision for which there is a widespread demand (clause 18), to curtail the concessions allowed by sub-sections (3) and (4) of section 25 (clause 14) and to remedy some minor defects and omissions which have come to notice in the working of the Act. The various clauses are explained in the notes below.

New Delhi,
The 14th October 1941.

A. J. RAISMAN.

NOTES ON CLAUSES.

Clause 2.—This amendment is consequential on the substitution of the word "association" for the word "company" in Rule 6 of the Schedule by section 13 of the Indian Income-tax (Amendment) Act, 1940 (40 of 1940).

Clause 3—(a).—This provision expands the exemptions shown as items 1 and 14 to 16B at pages 270 and 281 of the Income-tax Manual (Eighth Edition) and which were made by the Central Government in the exercise of its powers under section 60 (2). The existing exemptions do not apply to official representatives of the Dominions or Foreign Governments other than Consuls and Trade Commissioners. It is now proposed to confer exemption on such representatives and their staff on the basis of reciprocity.

A minor change in sub-clause (c) is the withdrawal of the existing exemption in the case of a subject of an Indian State.

Clause 3—(*e*).—This clause proposes to confer with effect from the outbreak of the war an exemption on Nepalese and Indian State Forces which have come to British India at the request of the Central Government.

Clause 4.—Cases of hardship have come to notice in which individuals who come to reside in India for a period of years suffer through being treated as non-residents in the year of their arrival. A similar situation arises when a resident departs from India early in the financial year. The purpose of the clause is to treat such individuals as resident.

Clause 5.—This provision is designed to prevent the validity of the constitution of the Appellate Tribunal being questioned when on the occurrence of a vacancy there is an inequality in the numbers of judicial and accountant members.

Clause 6—(a).—The note on clause 13 (*a*) may be referred to.

Clause 6—(b).—makes a radical alteration in the method of computing written-down value in the case of assets acquired before the previous year. At present in arriving at written-down value sums are deducted from original cost on account of depreciation although no such depreciation has been allowed in assessments. Under the proposed provision only depreciation actually allowed will be deducted.

Clause 7.—This clause provides for depreciation on buildings let on hire along with machinery, plant or furniture. The proposal is in accordance with the decisions of the Madras High Court reported in 2 I.T.C. 251 and of the Calcutta High Court reported in 1935 I.T.R. 114.

Clause 8.—This clause and clauses 10 (b) and 30 are designed to confer an exemption on income arising or accruing in an Indian State. Such income (unless received in or brought into British India or unless assessable under section 42) will be exempted both from income-tax and super-tax but it will be taken into account in calculating income-tax and super-tax.

The clause makes an important exception to the residence basis in the case of Indian States. It is designed with the intention of avoiding the loss that would arise through double income-tax relief if States adopted the residence basis.

Clause 9 clarifies the meaning of section 16 (2) which is open to misinterpretation. If we take the case of a profit of one rupee on which four annas tax is paid leaving 12 annas which is paid out as dividend, what the sub-section is intended to secure is that the tax on one rupee shall be added to the dividend of 12 annas for the purpose of including the dividend in the share-holder's income. But the sub-section as it stands is open to the interpretation that it is the tax on 12 annas and not on one rupee that should be added. The amendment makes the position clear.

Clause 10—(a).—A minor amendment putting, for the purposes of the rate of tax, non-resident natives of tribal areas in the same category as non-resident British subjects and subjects of States in India and Burma.

Clause 10—(b).—Please see note on clause 8.

Clause 11.—This amendment is consequential on the amendment sought to be made by clause 9. It is not strictly correct to speak of the tax payable by a company in respect of a dividend. A company pays tax on its profits, not in respect of its dividends.

Clause 12.—This provision seeks to remedy a defect in the Act which does not provide for communication of the order in question to the firm. Such communication is necessary for appeal purposes. A corresponding amendment is sought to be made in section 30 (2) by clause 15. The second proviso to section 30 (3) may also be referred to.

Clause 13—(a).—Proviso (*b*) to section 10 (2) (*vi*) deals with carry-forward of unabsorbed depreciation and section 24 (2) deals with carry-forward of losses. As these provisions stand they are interpreted to mean that depreciation must be set off before losses. As a result cases would arise in which the assessee would be deprived of the benefits of section 24 (2). The amendment proposes that losses shall be set off before depreciation. Please see also clause 8 (*a*).

Clause 13—(b).—This provision seeks to amend the existing third proviso to section 24 (2). This proviso should be read with the first proviso to section 24 (2). The intention was that only the partners who suffered the loss should be allowed to have it set off. The first part of the amendment seeks to give effect to this intention. The last part merely repeats the existing proviso.

Clause 14 seeks to amend sub-sections (*3*) and (*4*) of section 25. The purpose of these sub-sections is to provide relief in cases where, but for these provisions, a business, profession or vocation would be assessed for one year more than the period of its existence. In the case of super-tax, however, only businesses, professions or vocations assessed to super-tax for the first time for the year 1920–21 or the year 1921–22 fall in that category. As regards companies, under the 1886 Act, unlike other assessees, they were not assessed in the first year of their existence. It is only companies assessed for the first time under the 1918 Act who, but for these provisions, would be assessed to income-tax

for one year longer than the period of their existence. The amendments seek to withdraw the concessions in those two classes of cases to which the considerations on which the concessions were based do not apply.

Clause 15.—Please see note on clause 12.

Clause 16 seeks to amend section 31. As it stands, it is only in cases where the assessment on a firm or association is confirmed, reduced, enhanced or annulled that the Income-tax Officer can be authorised to amend accordingly the assessments of the partners or members. It is now proposed to delete the provision for consequential amendment of assessments in sub-section (3) (a) and add a general authorisation to amend the assessments of partners or members which will apply to the whole section.

Clause 17—(a) seeks to bring the wording of sub-section (1) of section 33 into line with the wording of the proposed sub-section (5) of section 31.

Clause 17—(b) seeks to make the time limit for filing an appeal the same for the Commissioner as it is for the assessee.

Clause 17—(c) seeks to give the power to the Tribunal [which the Appellate Assistant Commissioner is given by section 30 (2)] to condone delay in filing an appeal.

Clause 18 seeks to restore the Commissioner's powers of revision which were taken away by the Income-tax (Amendment) Act, 1930. There is a widespread demand for the restoration of these powers. While Government are prepared to accede to this demand, they are unwilling to allow the unrestricted right of application to the Commissioner which existed before 1930. Hence a fee of Rs. 25 for such application is proposed. It is specifically provided that the Commissioner may not pass any order prejudicial to an assessee.

Clause 19 seeks to amend section 34 (2) which fixes time limits for completing assessments. The departmental view is that these limits do not apply to reassessments made in pursuance of an order under section 31, 33, 66 or 66A and the amendment seeks to give effect to this view. In cases of orders under these sections it is frequently impossible to make reassessments within the time limits prescribed. It may be several years, for example, before a Privy Council appeal is decided.

Clause 20.—Consequential on clause 18.

Clause 21.—When the Act was amended in 1930 and a higher rate of tax was imposed on non-residents than on residents (section 17), section 40, which prescribes that tax on a non-resident beneficiary's agent should be recoverable in the same amount as it would be recoverable from the beneficiary if resident in British India, was overlooked. It is now proposed to put this right and at the same time opportunity is taken to recast the section so as to make its meaning clearer.

Clause 22.—The words in section 41 "appointed under a duly executed trust deed" do not cover trusts created by will. There is no reason why such trusts should be excluded. Moreover, in India where the statutes usually speak of instruments—not deeds (under seal), it is not appropriate to use the word "deed" in this connexion. It is proposed therefore to adopt a more suitable form of words and to provide for trusts created by will.

Clause 23.—Consequential on the omission of section 32 by the Income-tax (Amendment) Act, 1939.

Clause 24—(a).—It has been found in practice that the Collector's powers of recovering income-tax demands is inadequate. It is therefore proposed to make this amendment the effect of which would be that the Collector would have for the purpose of recovering the tax the powers which under the Civil Procedure Code a Civil Court has for the purpose of the recovery of an amount due under a decree.

Clause 24—(b).—The time limit for initiating recovery proceedings laid down in section 46 (7) gives rise to practical difficulties where the Income-tax Officer at the request of the assessee allows him to pay tax in instalments. Some of these instalments may not be due until after the time limit has expired. The amendment proposes to provide for such cases.

Clause 25.—The present wording of section 49B is open to two objections: (a) a company does not pay tax on its dividends, and (b) the section conflicts with section 16 (2) which grosses up a dividend at a particular rate which may not be the rate at which the company paid tax on the profits from which the dividend is paid. The proposed amendment seeks to remedy these defects and at the same time opportunity is taken to make it clear that it applies only to persons who are subject to the Indian Income-tax Act inasmuch as refunds are admissible under section 49 only in the case of such persons.

Clause 26.—The amendment proposed seeks to make section 49C (1) consistent with the proposed section 49B (clause 25).

Clause 27 seeks to make it clear that relief under section 49D is to be given in respect of super-tax as well as income-tax. Section 49 (2) (a) may be referred to.

Clause 28.—Consequential on the omission of section 32 and on the constitution of the Appellate Tribunal.

Clause 29 seeks to amend the provision which allows disclosure of such facts to a Returning Officer as may be necessary to establish whether a person is or is not entitled to be entered on an electoral roll. As, in practice, a Returning Officer has nothing to do with the preparation of or revision of electoral rolls, it is proposed to substitute the words suggested.

Clause 30.—Please see note on clause 8.

Clause 31 seeks to correct a verbal error.

Provided that, as respects any such chargeable accounting period which commences before the said end of March, the application of this rule shall be subject to the provisions of section 7A of this Act.

Provided further that the same deduction shall be made in respect of accruing liabilities for interest as would have been made if this rule had not been enacted ".

(5) in rule 8 for the words "second proviso" the words "second or third proviso" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

The main object of this Bill is to meet the wide-spread objections to the discrimination, as regards the treatment of borrowed money as capital, between money borrowed from a person carrying on a bona fide banking business and money borrowed from any other person. Opportunity is taken at the same time to strengthen the provisions dealing with devices for avoiding or reducing liability to excess profits tax, to provide relief for the premature exhaustion of mineral deposits owing to the war-time requirements, and, following the Income-tax (Amendment) Bill, to provide for the exemption of businesses and of parts of businesses the profits of which accrue or arise in an Indian State.

NEW DELHI,
The 15th October 1941

A. J. RAISMAN

NOTES ON CLAUSES.

Clause 2—amends sub-section (2) of section 4 of the Act which provides for the charge of tax proportionately at the rates of 50 per cent and 66-2/3 per cent in the case of a chargeable accounting period falling partly before and partly after the end of March 1941, the date at which the rate of tax was increased to 66-2/3 per cent. The amendment is consequential upon clause 4 which deals with the computation of profits and capital in the case of such a chargeable accounting period.

Clause 3—brings liability to excess profits tax into line with liability to income-tax—as modified by the Income-tax (Amendment) Bill at present before the Legislative Assembly—by providing that where the whole of the profits of a business or the profits of a part of a business accrue or arise in an Indian State such business or part of a business shall not be subject to excess profits tax.

Clause 4—deals with chargeable accounting periods commencing before and ending after the end of March 1941, in relation to the change of basis, effected by new rule 5A of the First Schedule and new rule 2A of the Second Schedule, in the treatment of borrowed money and the interest thereon. The method adopted is to compute the profits or loss and the standard profits for the whole chargeable accounting period on the old and on the new basis and to take the due proportion of each of the two results.

Example—

Chargeable accounting period of 12 months ending 31st December 1941—

	Rs.
On the old basis, excess profits for the year ..	= 12,000
On the new basis, i.e., adopting the new provisions as to treatment of borrowed money and interest, excess profits for the year	= 10,000

The assessment for the whole chargeable accounting period of one year would be—

	Rs.
3 year to 31st March 1941, at Rs. 12,000 = Rs. 3,000 at 50 per cent	= 1,500
9 year to 31st December 1941, at Rs. 10,000 = Rs. 7,500 at 66-2/3 per cent	= 5,000
Total E. P. T. chargeable ..	6,500

Clause 5.—Section 10 of the Act deals with fictitious or artificial transactions entered into for the purpose of reducing excess profits chargeable to tax, but it does not provide for cases where tax is avoided by transactions which are neither fictitious nor artificial. The present clause remedies this defect and covers any transaction which has for its purpose the avoidance of excess profits tax.

Clause 6.—There are business concerns engaged in the winning of oil or other minerals, which are of exceptional importance for the prosecution of the war, in which an increase of output is essential in the national interest, but such increase will bring about an earlier exhaustion of the source of the oil or mineral than would have occurred in the normal course. An increase in the standard profit is inappropriate to the varying circumstances of chargeable accounting periods and it is provided, therefore, that allowance may be made for this premature exhaustion in striving at the profits of any chargeable accounting period.

Clause 7 (a).—This clause should be read with clause 8. These clauses recognise not only what has been claimed to be an invidious distinction made by the existing rule 5 of the First Schedule to the Act between money borrowed from a person carrying on a bona fide banking business and other borrowed money, but also the fact that the borrower bears some risk in respect of any borrowed money. The clauses, therefore, as from the 1st April 1941, treat all borrowed money as capital both as regards the standard period, if any, and as regards the chargeable accounting period, so that the comparison of average capital required by the Act is to include the borrowed money as well as the proprietor's capital so far as the capital is employed in the business, and they provide for the corresponding inclusion in profits of the interest, etc., payable in respect of the borrowed money. The effect of this clause may be illustrated by an example:

	Standard period.	Chargeable accounting period.
	Rs.	Rs.
Average capital	5,00,000	6,00,000
Average borrowed money	1,00,000	2,00,000
Profits for E.P.T. purposes on old basis ..	50,000	1,00,000
Interest payable	5,000	10,000
Liability on old basis—		
Profits of chargeable accounting period ..		1,00,000
Standard Profits	50,000	
Add 10 per cent on increased capital (Rs. 1,00,000)	10,000	
		40,000
Excess profits ..		40,000
Liability on new basis—		
Profits of chargeable accounting period ..	1,00,000	
Add interest payable	10,000	
		1,10,000
Profits of standard period	50,000	
Add interest payable	5,000	
	55,000	
Add 10 per cent on increased capital (Rs. 2,00,000) including borrowed money	20,000	
		75,000
Excess profits		35,000

Provision is made to secure that in the case of a business to which, for any chargeable accounting period, the minimum standard of Rs. 30,000 a year applies, or, in respect of which an award of a substituted standard of profits has been given under section 5 (5) by a Board of Referees or under section 26 (2) by the Central Board of Revenue, the new provisions shall not operate to deprive the assessee of the benefit that ensues to him by reason of the minimum standard or of such award.

Clause 7 (b).—This clause is designed to prevent the dissipation of excess profits by expenditure that has no relation to the requirements of the business, the major part of the cost of which might be met out of reduced taxation. In order, however, that this power of disallowance should not be exercised without the fullest consideration, it is provided that the authority of the Commissioner of Excess Profits Tax is to be a condition precedent to its exercise, and further the assessee is given the right of appeal to the Appellate Tribunal in the case of any disallowance under this provision.

Clause 8.—See note on clause 7 (a) above.
